

A DJ wearing a black cap and glasses is shown in a dark, atmospheric setting. He is positioned in front of a turntable, with glowing geometric shapes (a grid on the left and triangles on the right) overlaid on the image. The background is dark with some blurred lights.

# VITE

[Tale & Tone / SINNER Tulum / Vagalume]

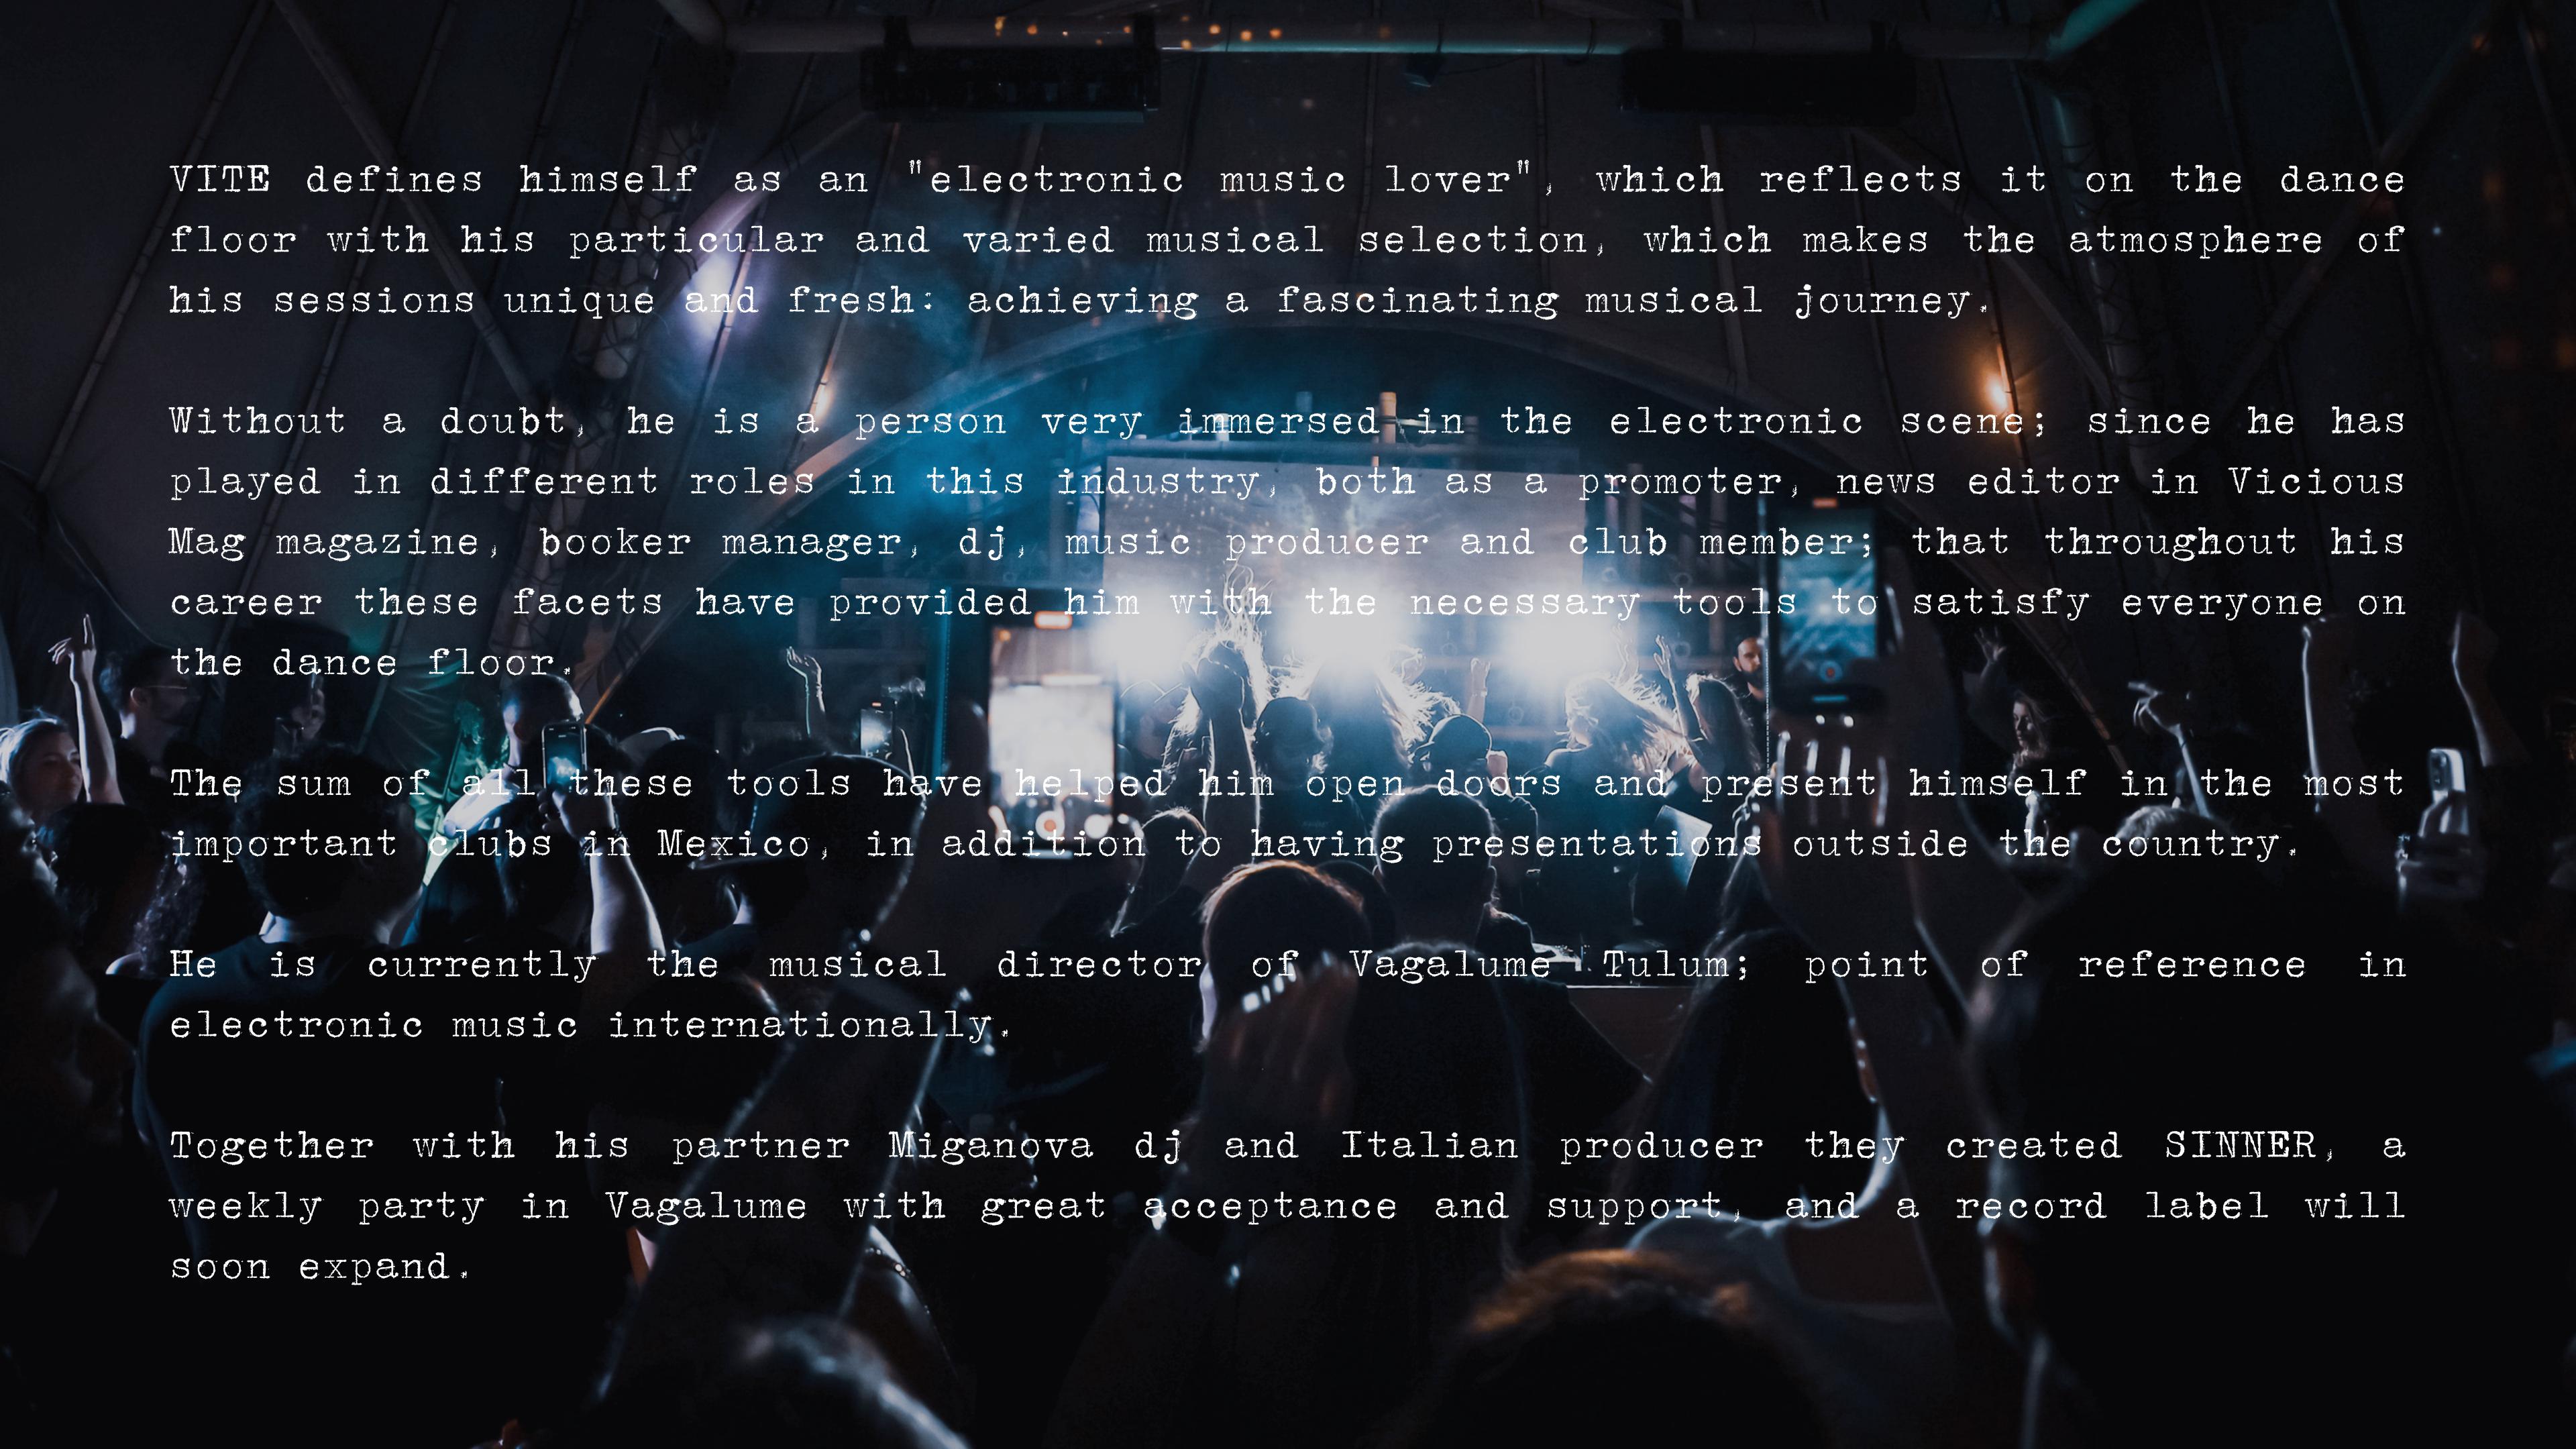

VITE se define como un "amante de la música electronica", lo cual lo refleja en la pista de baile con su particular y variada selección musical, que hace que la atmósfera de sus sesiones sea única y fresca: logrando un viaje musical fascinante.

Sin duda es una persona muy inmersa en la escena electronica; ya que ha jugado en diferentes roles de esta industria, tanto como promotor, redactor de noticias en la revista Vicious Mag, booker manager, dj, productor musical y socio de clubs; que a lo largo de su carrera estas facetas le han proporcionado las herramientas necesarias para satisfacer a todos en el dancefloor.

La suma de todas estas herramientas, le han ayudado a abrirse puertas y presentarse en los clubs mas importantes de Mexico, ademas de tener presentaciones fuera del país.

Actualmente es el director musical de Vagalume Tulum; punto de referencia en la música electronica a nivel internacional.

Junto con su socio Miganova dj y productor italiano crearon SINNER, fiesta semanal en Vagalume con gran aceptación y apoyo. Y en este 2023 SINNER MUSIC ya es un label digital de musica electronica.

VITE defines himself as an "electronic music lover", which reflects it on the dance floor with his particular and varied musical selection, which makes the atmosphere of his sessions unique and fresh: achieving a fascinating musical journey.

Without a doubt, he is a person very immersed in the electronic scene; since he has played in different roles in this industry, both as a promoter, news editor in Vicious Mag magazine, booker manager, dj, music producer and club member; that throughout his career these facets have provided him with the necessary tools to satisfy everyone on the dance floor.

The sum of all these tools have helped him open doors and present himself in the most important clubs in Mexico, in addition to having presentations outside the country.

He is currently the musical director of Vagalume Tulum; point of reference in electronic music internationally.

Together with his partner Miganova dj and Italian producer they created SINNER, a weekly party in Vagalume with great acceptance and support, and a record label will soon expand.
